### DHL GLOBAL MAIL

"Wire3 are a strategic partner in our business and very much in our thinking each time we open a new facility. We have enjoyed a very successful relationship for a number of years and this will certainly continue, and no doubt be exported to other DHL worldwide locations."

STUART MYLCHREEST  
HEAD OF UK OPERATIONS  
DHL GLOBAL MAIL

### TESCO

"Recently Tesco's were confronted with a serious ongoing incident where our ATS were being attacked. Looking for a way to identify those responsible we sought the help of established technology company Wire3, who were already known to us. Having listened to our problems they came up with an innovative and industry leading solution and as a result of this work we were able to, together with the police, put in place a response and enable Tesco to have confidence that those responsible would be identified in a short time. The competence and professionalism shown by Wire 3 was of the highest standard."

ALAN BROWN  
DIRECTOR  
TESCO

### LUPPRIANS GROUP

"We have been using Wire3 tracking technology for a few years now and we are extremely happy with the product, reports and the benefits it provides our business. Recently we have been working with their technical staff to further integrate Wire3 into our in-house operating systems to provide us with not only vehicle tracking but total job tracking, job-cost analysis and Working Time Directive reports."

JOHN FLETCHER  
MANAGING DIRECTOR  
LUPPRIANS COMPUTER EXPRESS

### DAY AGGREGATES

"Wire3 enables Day Aggregates to deliver the service to our customers that have made us an industry leader. The range of functionality that the Wire3 system offers us provides us with control of our fleet of tipper vehicles and assists in the management of the drivers. Best of all is the peace of mind that the system gives Day Aggregates; customers are always impressed with the accuracy of our information and that in itself makes the tracking of the fleet an integral part of our strategy."

DOMINIC DAY  
MANAGING DIRECTOR  
DAY AGGREGATES
