## Sat<sup>3</sup> Vehicle Tracking

## TIPPER INDUSTRY

Wire<sup>3</sup> has long been a market leader in vehicle tracking, specialising in the tipper and construction industry for several years.

Using the very latest technology, the Sat<sup>3</sup> System provides a web based tracking solution that enables real time monitoring of your vehicles' positions, and PTO activities.

It's easy to understand why all our customers report significant increases in productivity, and decreases in costs as a result of using the Sat<sup>3</sup> Vehicle Tracking System.

But don't take our word for it . . .

### DAY AGGREGATES

"Wire<sup>3</sup> enables Day Aggregates to deliver the service to our customers that have made us an industry leader. The range of functionality that the Wire<sup>3</sup> system offers us provides us with control of our fleet of tipper vehicles and assists in the management of the drivers. Best of all is the peace of mind that the system gives Day Aggregates; customers are always impressed with the accuracy of our information and that in itself makes the tracking of the fleet an integral part of our strategy."

DOMINIC DAY  
DIRECTOR, DAY AGGREGATES

### L LYNCH PLANT HIRE

"With Wire<sup>3</sup> we have been able to monitor our fleet more easily and effectively than our previous system. The construction industry demands punctuality in a challenging environment; we deliver this with vital support from Wire<sup>3</sup>."

ROBERT LYNCH  
DIRECTOR, L LYNCH PLANT HIRE

### WEALDEN HAULAGE

"An easy to use affordable system with excellent support. We have the ability to squeeze those extra loads in as well as give customers information with a glance at the screen. It's great knowing exactly where they are and where they've been 24/7"

GARY WAKEFIELD  
TRANSPORT MANAGER, WEALDEN HAULAGE

### G & B FINCH LTD

"Efficiency. Timing. Knowledge. Hard to think how we used to operate without the Wire<sup>3</sup> tracking system."

LEE FINCH  
DIRECTOR, G & B FINCH LTD

### THE McGRATH GROUP

"The Wire<sup>3</sup> tracking system has enabled us to utilise our fleet to much greater effect, improving our efficiencies and enhancing our position as a market leader in our industry. The impressive functionality of the Wire<sup>3</sup> system gives us full control of the fleet, but also ensures that we can manage our drivers from both a business perspective and a duty of care."

JOHN McDAID  
OPERATIONS MANAGER, THE McGRATH GROUP
